Your Workers' Comp Partner

1-888-OhioComp is your resource for workers' compensation, from BWC forms to OSHA requirements. **Making the right decisions at the beginning of a claim is critical.** Poor decisions at the beginning of a claim can cost an employer tens of thousand of dollars in future premiums. **We guide our employers through the process to help reach the right business decision.**

Customer Service with You in Mind

1-888-OhioComp has four offices strategically located to better serve our employers. Most MCOs have just one office. **We want you to call with your questions!** Our receptionists personally answer all calls during normal business hours. **Your call is then directed to the person who can provide you answers on a claim or workers' compensation question.**

Your Workers' Comp Team

Every employer is assigned a 1-888-OhioComp team consisting of a Regional Manager, RN Case Manager and Claims Specialist. This is your workers' comp team. Employers who have never had a claim or infrequently have claims will be guided through the claim process when a claim occurs. **The team works with you from filing the claim to claim resolution.**
